

GIVE YOUR IT EQUIPMENTS
AN EXTRA BACKUP DURING POWER CUTS

ASTRIX

DIGITAL HOME UPS

In-built Sealed Maintenance Free Battery.

Extra long back-up for computers.

Economical Solution for sophisticated appliances.

50% Faster Charging as compared to ordinary UPS

Applications

Salient Features

- Digital Home UPS with built-in Sealed Maintenance Free battery.
- Extra long back-up for computers as compared to ordinary ups.
- Economical Solution for sophisticated appliances.
- Very fast change over time and narrow output voltage window to run IT equipments.
- Control: Higher End Micro-controller based design.
- Surface mount (SMT) technology for PCB cards
- Fuzzy logic control – a unique and advanced technology that protects the battery, reduces frequency of water topping and enhances battery life.
- Future upgrade ability through digital flash memory.
- High surge handling capability (up to 300%).
- Cold start capable.
- Intelligent thermal management.
- Overload and short circuit protection with auto-reset.
- Battery pole reversal protection.
- Battery deep discharge protection.
- User-friendly graphical display with audible alerts
- Space Saver - ideal for modern day households
- Emergency power system anywhere.

User Friendly Graphical Display of Alerts

Load Chart

	A	B	C	D
Computer				1
Printer				1
Television			1	
Tube Lights	3		2	
Fans	3		2	1
CFL	2	28	5	3

Note: Indicative values only, actual calculation depend on manufacturer's specification
 Tube light of 40W, CFL of 15 Watt, 19-21 inch TV, 48 mm Ceiling Fan (3-blades, 1000-1200 mm sweep)
 HP Deskjet Color Ink-jet printer 6940 or equivalent.
